

Experience Vericom Products Firsthand with a Showroom Display!

CABLE RUNWAY

Our fully assembled 24U VC5 Cabinet is more than just a product — it's a hands-on display designed to let your customers and sales teams experience the full range of Vericom's premium fiber and copper solutions up close. Ready to roll out onto your showroom floor or counter area, this display showcases everything from patch cables to enclosures and accessories, giving your customers and team the opportunity to see and learn about our products firsthand. Enhance your showroom with a Vericom display and make it easier for your team to promote our solutions with confidence. Contact us today, and we'll ship one to you, fully loaded and ready to impress!
