

1U Viaduct Horizontal Cable Manager

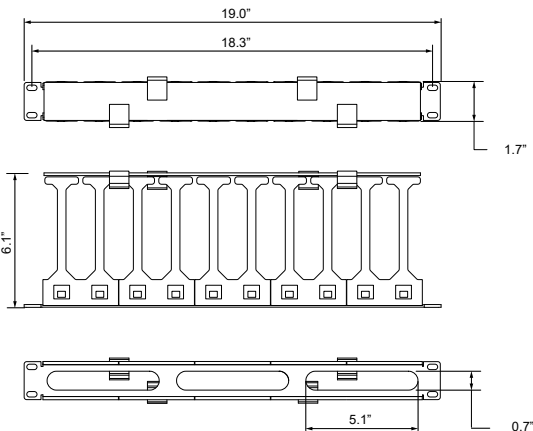

Description

Vericom’s 1U Viaduct Horizontal Cable Manager provides a high-capacity pathway for cables connecting to adjacent switches and patch panels. Six-inch plastic fingers with smooth, rounded edges protect and organize cables as they exit anywhere along the width of the manager, while a removable and hinged steel cover provides additional protection.

Viaduct Horizontal Cable Managers offer seamless integration with Viaduct Vertical Cable Managers. Also available in 2U capacity.
