

2U Viaduct Horizontal Cable Manager

Description

Vericom's 2U Viaduct Horizontal Cable Manager provides a high-capacity pathway for cables connecting to adjacent switches and patch panels. Six-inch plastic fingers with smooth, rounded edges protect and organize cables as they exit anywhere along the width of the manager, while a removable and hinged steel cover provides additional protection.

Viaduct Horizontal Cable Managers offer seamless integration with Viaduct Vertical Cable Managers. Also available in 1U capacity.
